

Langley High School Baseball Field Usage

Before usage

- Remove field and mound tarp (should go outside of the gate down the right field line)
- Never add Turface or any drying agent, or attempt to remove water from any area of the field

During usage

- Batting cages in the new pavilion are available to use. NO SPIKES and NO SUNFLOWER SEEDS
- Don't move any of the screens or L-screens.
- No usage of the turtle (hitting cage on-field)
- No usage of batting practice mound.
- Don't throw batting practice from anywhere on the grass. Use dirt only.
- While hitting fungos, hit from the dirt.

After usage

- Scan for all baseballs (with after school activities on the field and mowing, it can cause injury or damage)
- Rake each foul line, being sure to not get any dirt into the grass
- Rake the baselines in-between 1st and 2nd & 2nd and 3rd
- Rake home plate and fill in any holes that may have been created.
- Rake and fill in pitcher's mound by the rubber and landing zone.
- **Place field and mound tarp back on the field.** Be sure that the tarps are not on the grass at all, otherwise it will kill it.
- Close all gates on field
- Place rakes back in 1st base side dugout by the helmet rack.
